

No. TPAC016/2564

July 13th, 2021

Subject: Resuming of normalized production levels in Malaysia
To: The President, Stock Exchange of Thailand

Thai Plaspac Public Company Limited (the “**Company**”) would like to provide a further update regarding the operations of Combi-pack Sdn Bhd, our subsidiary in Malaysia (“**Combi-pack**”).

The Government of Malaysia has imposed a EMCO on the district of Seremban due to the novel Coronavirus (COVID-19).

Combi-pack is located in Seremban.

Following that, Combi-pack on the 9th July 2021 stopped production, and from the 11th of July has resumed a scaled down production in compliance with this EMCO directive.

Positively however, on the 12th of July, Combi-pack has received ‘*essential service*’ clearance to resume normalized production, whilst ensuring adherence to the strict safety SOPs including that of a reduced workforce.

Combi-pack is now able to satisfy all our customers demand requirements.

Please be informed accordingly,

Sincerely,

-Signature-
